

KAUSHIK TRIPATHI

DATA ANALYST

Lucknow, Uttar Pradesh, India | tripathikaushik356@gmail.com | +91 91517 11234
[linkedin.com/in/kaushik-tripathi](https://www.linkedin.com/in/kaushik-tripathi) | github.com/Kaushikkkkkk250106 | [Portfolio](#)

PROFESSIONAL SUMMARY

Data Analytics graduate (BCA, Data Science & AI) with internship experience cleaning 100,000+ records and building Power BI dashboards used by department heads for strategic decisions. Proficient across the full analytics workflow — data cleaning, SQL, statistical analysis, ETL pipelines, and dashboard design — backed by a self-driven GitHub portfolio of end-to-end Python and Power BI projects. Seeking an entry-level Data Analyst role.

TECHNICAL SKILLS

Programming & Stats: Python (Pandas, NumPy, Matplotlib, Scikit-learn), SQL (Window Functions, CTEs, Stored Procedures, Triggers), Regression, A/B Testing

Databases: MySQL, PostgreSQL, MS SQL Server, TiDB

BI & Visualization: Power BI, Tableau, Excel (Advanced, Pivot Tables), Google Data Studio

Tools & Engineering: Jupyter, Git/GitHub, ETL Pipelines, Feature Engineering, JIRA

Core Strengths: Critical Thinking, Data Storytelling, Stakeholder Communication, Attention to Detail

PROFESSIONAL EXPERIENCE

Data Analyst Intern — Techpile Technology Pvt. Ltd., Lucknow

Jan 2026 – May 2026

- Cleaned and processed 100,000+ records using Python and SQL, reducing data inconsistencies by 30%; built weekly Power BI KPI reports relied on by 3 department heads
- Ran A/B testing analysis with marketing that lifted email click-through rate by 12%; automated recurring data-extraction with Python, saving ~5 hrs/week

Data Analytics Intern — iStudio Technologies (Online, 6-Month Internship)

Jan 2026 – Jul 2026

- Qualified the Internship Common Aptitude Test (iCAT) for a structured 6-month online analytics program; built end-to-end EDA pipelines and enhanced reporting workflow efficiency by 10% through process automation, delivering a capstone project

PROJECTS

International Debt Analysis Dashboard

Python (Pandas), Power BI

[View on GitHub](#)

- Built an end-to-end ETL pipeline in Python to clean and reshape 50+ years of World Bank debt data (101 indicators, 300+ creditor entities) across 5 countries into tidy, analysis-ready datasets
- Designed a 6-page Power BI dashboard with KPI cards, trend and comparison visuals, and a cross-country choropleth map to compare external debt, FDI, and IMF support trends

ShubhVivah — SQL Market Analytics

[View on GitHub](#)

MySQL — `/shubhvivah_sql_project`

- Designed a 10-table relational MySQL schema for an Indian wedding vendor marketplace; wrote 25 business queries using window functions, recursive CTEs, views, triggers, and stored procedures to quantify demand-surge pricing and flag booking risk across ~2,000 records

Retail Sales Analysis — Vrinda Store

Microsoft Excel, Pivot Tables

[View on GitHub](#)

- Analyzed 31,000+ orders (₹2.1+ crore revenue) for an Indian fashion retailer using Excel pivot tables across six structured views of sales trends, demographics, and channels
- Identified the highest-value customer segment and top three revenue-generating states, then delivered data-backed recommendations on channel investment and seasonal promotions to offset an observed Q4 sales dip

Retail Data Cleaning & Exploratory Analysis

Python (Pandas, NumPy, SciPy)

[View on GitHub](#)

- Merged multi-source transaction and customer-response data, resolving missing values and data-type issues to produce an analysis-ready dataset
- Applied Z-score outlier detection and time-based feature engineering to surface top revenue months and most frequent customers

EDUCATION

Bachelor of Computer Application

Graduated May 2026

Bachelor of Computer Applications (BCA) | First Division Babu Banarasi Das University, Lucknow May 2026 | CGPA: 7.33/10.00

Relevant Coursework: Data Mining, Machine Learning, Business Intelligence, Statistical Modelling, Database Management Systems (DBMS), Data Visualization, Big Data Analytics

Senior Secondary (Class XII - CBSE) | First Division | 2023 Kendriya Vidyalaya, Lucknow

Secondary (Class X - CBSE) | First Division | 2021 Kendriya Vidyalaya, Lucknow

CERTIFICATIONS & ACHIEVEMENTS

- Data Analytics Job Simulation — Deloitte (2026)
- Power BI Data Analyst Certification (2025)
- IBM: Data Science, Predictive Modelling, Python, NoSQL & DBaaS (2025)
- IBM Cognos Analytics (2024)
- National Taekwondo Player — represented KVS Lucknow at national level (2023)
